FOR IMMEDIATE RELEASE

SPATIALinfo Signs PIXEL Softek as Bronze Certified Partner

Englewood, Colo., Oct. 12, 2010—SPATIALinfo’s recently launched [partner certification program](#) allows elite engineering firms the opportunity to provide custom engineering solutions to many of North America’s premier cable and telecommunications providers. Engineering companies join SPATIALinfo’s certified partner network at any one of three levels (platinum, gold or bronze) and may be certified in a number of specialties (fiber, FTTH, RF and route).

PIXEL Softek joins the ranks of SPATIALinfo’s bronze certified partners, with the purchase of essential [spatialNET](#) licenses and successful completion of training in fiber, RF and route specialties.

“We are thrilled to be part of the SPATIALinfo family and know that our association will provide comprehensive, client-defined, end-to-end solutions. We believe that being a certified partner adds enormous value to the entire implementation process,” said PIXEL Softek CEO, PV Rai.

PIXEL Softek will work closely with SPATIALinfo to ensure its customers receive quality, custom network engineering and data mapping services to make the most of SPATIALinfo’s engineering and business solutions.

“PIXEL Softek is a welcome addition to our certified partner network. Their ability to provide quality, custom spatial solutions to meet specific customer needs is a valuable asset,” said SPATIALinfo CEO, Greg Foster.

PIXEL Softek and all of [SPATIALinfo’s certified partners](#) are listed at www.spatialinfo.com.

[About SPATIALinfo](#)

SPATIALinfo specializes in developing network-management software solutions for the cable and telecommunications industries. [SpatialSUITE™](#) products make it easy for professionals to map, model and manage complex fiber, copper and RF cable networks. With strong partnerships and loyal customers, SPATIALinfo is an international leader in developing off-the-shelf network-management solutions that offer a proven return on investment. For more information, call Bill Scheffler at 303-810-4048 or visit www.spatialinfo.com.
